Wrightsville PLUNGE

Plungin' for a Purpose

January 1, 2027

Presented by Communities In Schools of Cape Fear

About

The New Years Day event features:

- Memorable Cold Plunge in the Atlantic Ocean
- Live music & entertainment
- Family-friendly activities
- Afterparty celebration

The Wrightsville Plunge is one of southeastern North Carolina's most exciting New Year's Day traditions, bringing together families, community leaders, local businesses, and supporters for an unforgettable experience benefiting students across New Hanover and Pender counties.

Each year, more than 1,700 plungers gather at Wrightsville Beach to take the Plunge in support of students facing barriers to success both inside and outside the classroom.

Most importantly, The Wrightsville Plunge funds basic needs and critical services for students ranging from academic assistance, mental health support and life skills.

Impact

CIS Cape Fear places staff directly inside high-need public schools, who work with vulnerable students and those with the greatest risk of dropping out.

CIS primarily serves “Title I” schools, which means the majority of students live in households near or below the poverty line. Last year, thousands of local students came to school facing barriers far bigger than homework: homelessness, food insecurity and mental health challenges.

We ensure they don’t face them alone.

Students who leave school early face significantly higher risks of:

- chronic unemployment
- incarceration
- poor health outcomes
- long-term economic instability

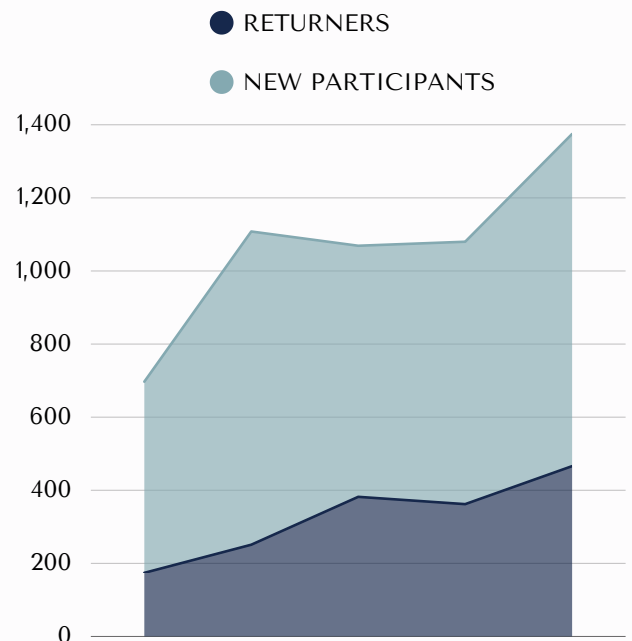

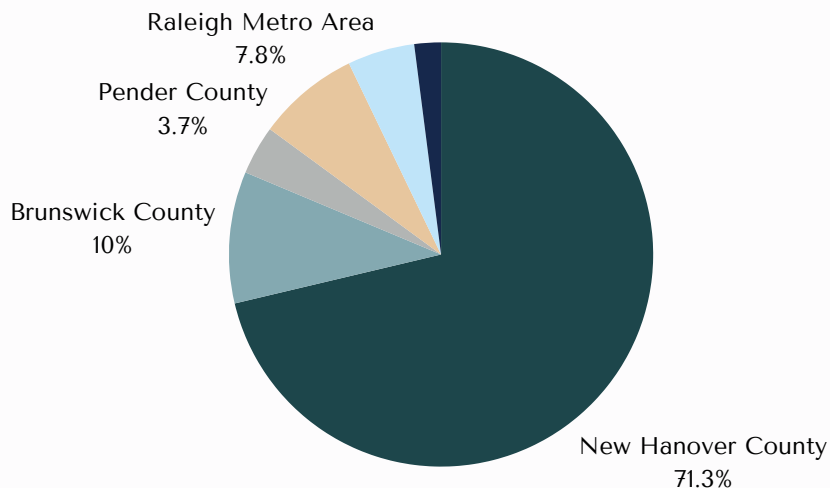

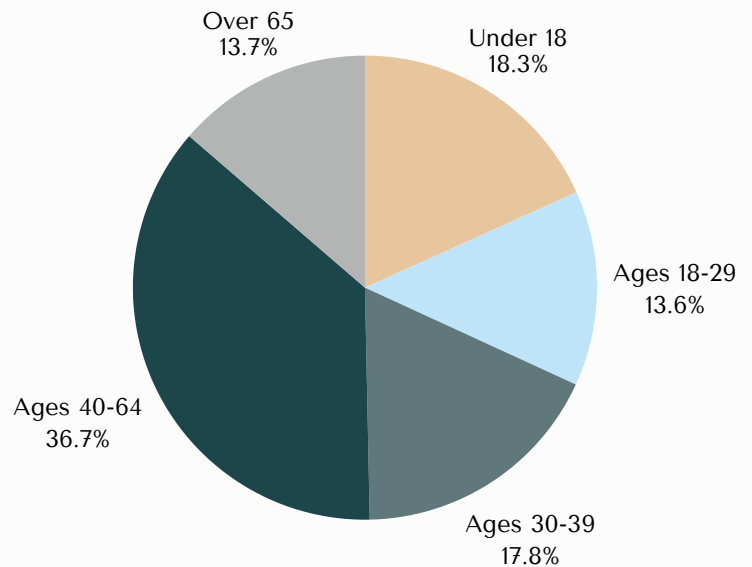

Your sponsorship helps students stay on track toward graduation and long-term success.

Audience & Reach

The Wrightsville Plunge offers companies a unique opportunity to:

- Align with the region's largest youth-serving nonprofit
- Reach thousands of local families and community members
- Showcase community leadership
- Create memorable brand experiences
- Invest in the region's future workforce

Our event audience has tripled in the past five years and continues to grow annually. Sponsors are not simply featured, they become part of the experience.
